

Your Expo  
invitation to

# Pull the plug on big energy bills.

**Natural Gas**  
delivered by Envestra

# The Natural Gas Expo.

## Pull the plug on big energy bills.

Envestra is reticulating Bairnsdale with the support of the Victorian Government's \$70 million Natural Gas Extension program.

This is a major project for Envestra requiring several million dollars for the street reticulation and an ongoing capital spend of about \$1000 for each individual connection to cover service and meter costs.

In conjunction with this, Envestra invites residents of Bairnsdale and Painsville to attend a FREE Natural Gas Expo. Come along for FREE advice from expert Manufacturers and Appliance Retailers, Energy Retailers and Plumbers.

- Find out how to save money with Natural Gas.
- Strike a deal on Natural Gas appliances. (Don't forget, bring in measurements for appliances)
- Book a plumber for a quote at your home.
- Bring in your LPG appliance details and we'll help plan your home's conversion to Natural Gas.
- Fill out and hand in your invitation for a chance to be the Lucky Free BBQ Winner.

To be drawn 12pm Saturday 28 April.
